

# visual elements

We work closely with designers and architects to create quality consumer environments and develop new products and finishes to meet the demands of a globally competitive retail sector.

From full retail environments, to a simple visual display, the best work is the only work we do. Our goal is to support our partners' brands by creating exceptional retail environments through advanced technology and superior craftsmanship.

Visual Elements brings a seasoned yet innovative approach to retail design, branding, engineering and manufacturing. With over 30 years of experience, we're ready to take your business to new heights.

# contents

# the **module** system

The Module System is our proprietary fixture display collection.

Our pre-engineered modules are designed specifically for any retail experience and can be configured to infinity and beyond. We create environments using materials and finishes that are unique to your brand, while improving speed to market. Proudly designed and built by Visual Elements.

# design programs

HOW IT WORKS

# à la carte

PROGRAM

If you already have an established shop and just need a few display fixtures, or need help with a new floor plan layout, the à la Carte Program is for you.

We'll use the Module System along with your floor plan and brand identity to fill the holes.

## THIS PROGRAM INCLUDES:

- Floor plan layout
- The Module System fixture plan

POWDER COATS  
white, black or grey

LAMINATES  
maple, oak, walnut, black or white

*NOTE*  
Fixtures shown in white powder coat with maple laminate.

# custom module

PROGRAM

If you need a complete store design, but are short on time and working with a modest budget, the Custom Program is for you.

Using the Module System, provide us with your vision of the space and we'll create a custom design that speaks to your brand ethos.

## THIS PROGRAM INCLUDES:

- Custom design concept with mood board & design direction
- Floor plan layout and elevations
- The Module System fixture plan with custom colour and finish
- Decorative lighting plan
- 3D renderings of your design
